Development Plan: Local Plan 2036 – Development Strategy, Strategic and Local Policies – Consultation Draft
District: Wakefield Council
Relevant Policies: WLP 59
Or Narrative (refs): Paras 7.162 – 7.163

Background: This draft replacement for the Council 2017 Local Plan contains a policy on “Advertisements and Shopfront Design” which is virtually identical to its predecessor. It requires only that advertisements respect the building and surroundings in terms of scale, quality and materials; and that they preserve and enhance conservation areas and listed buildings.

Comment: There is nothing unacceptable in this simple policy.

Date sent to Council: No representations required
